## INTRODUCTION

The following bibliography has been prepared by the Veterans Administration Medical and General Reference Library for the use of participants in the Inter-Agency Institute for Hospital Managers, Washington, D.C., October 3-21, 1949. The bibliography is selective rather than comprehensive with emphasis placed on recent books and journals. Standard works have been included regardless of date.

Several subject fields listed on the agenda have not been covered in this bibliography. In anticipation of a revision of the bibliography, your recommendations will be very much appreciated as to the desirability of including material on nursing, dietetics, physical medicine rehabilitation, or any other phase of hospital service. Suggestions as to the deletion of any references are also invited.

The asterisk preceding a title denotes that the material is not a part of the VA library collection. In some instances, this material has been borrowed from other libraries for the duration of the conference.
